**AMUNDSEN SILENT
ABOUT SOUTH POLE****Refuses to Make any State-
ment Whether He Reached
"Farthest South."****TO SUBMIT HIS PROOFS FIRST**

English Newspapers Inclined to Be-
lieve Norwegian Explorer Has De-
scended to Bottom of Arctic Sea—
No Word From Dr. Amundsen.

United Press Telegram.

LONDON, England, March 8.—No
question of "his proof" will be raised
so far as Captain Roald Amundsen
is concerned when he reaches civil-
ization, according to a Hobart special
to the London Daily Express.

The Captain landed from the Fram
at Hobart, Tasmania, for a brief per-
iod today, but positively refused to
make any statement regarding his
achievement. He made it very plain,
however, that he will not submit his
proofs that he actually dis-
covered the pole but will send them
to the various geographical societies
in the near future. Amundsen, the
dispatch adds, is keeping all of his
ship's people on the Fram, so that
his story of the trip to the bottom of
the earth can be told in advance of
his prepared plans.

He will stay at Hobart until next
week, after which he will clear for
Buenos Ayres, thence around the Horn
to San Francisco. From there his
plans to drift around through the
northern passage to the Atlantic
ocean.

The fact that no word has been re-
ceived from Captain Scott is ac-
cepted by the majority of the English news-
papers this afternoon as meaning that
Amundsen antedated the discovery of
the pole. It is believed, however, that
Scott also reached the South Pole, al-
though there will be great anxiety
until he reports.

There seems to be a general ac-
ceptance by England that the Norwegian
did exactly what he said he did in the
cablegram received by his brother,
which said that he spent three days
at the pole. That he did this to pre-
vent any suggestion of "Cookism" is
the belief here. Observations taken
on three days in succession at mid-
noon, it is said, could not be falsified
and there can be no question raised
as to what was done in the Polar-
Cook controversy.

**LOOK TO AGITATION THAT
HURTS CONFIDENCE, SAYS TAFT**

Trying to Make Everybody Obey the
Law—Agitation Not Good
For People.

United Press Telegram.

ON BOARD PRESIDENT'S SPECI-
AL, Canton, O., March 8.—An attack
on "that agitation which creates a lack
of confidence among those who have
capital invested" was delivered by the
President at Alliance. Some 1,000
people were out to greet him. There
he made his first real formal speech.
He is on his way to Toledo where he
said he will make a reply to Colonel
Roosevelt's speech at Columbus. The
President said in part:

"We may have our mills running to
the full and yet there may be some-
thing corresponding to lawlessness and
violation of the law through trusts
and combinations that makes prosperity
that really doesn't help in the end.
Dissatisfaction and unresting that
everybody is rebelling the law, and
we are trying to make everybody obey
the law, it is proper and businesslike
that we should look to the agitation
that creates a lack of confidence
among those who have capital in-
vested. It is not good for the people,
therefore what we want, as far as we
can, is to have a quiet confidence that
makes everybody look after his own
business. The jobs will be plenty and
wages will go up and we will all have
money to buy clothes for our children
and those of us who like comfort can
enjoy it."

**STEEL BILL TO SENATE
TUESDAY; ADVERSE REPORT**

Democrats and Progressives Expected
to Find Common Ground for
Passage of Measure.

WASHINGTON, D. C., Mar. 8.—
Petitions from workmen employed in
the iron and steel mills of the country
continue to pour in upon the Senate
Finance Committee urging that the
Underwood metal tariff be de-
fined. Among those received yesterday
was one signed by over 2,000 men em-
ployed in the mills at Brackenridge,
Tarentum, Leechburg and other towns
along the Allegheny River. Another
was signed by 1,500 men employed by
the Inland Steel Company of Chicago
and another signed by 100 employees of
the Columbus Chain Company of Col-
umbus, O.

The bill will be reported to the Sen-
ate with an adverse recommendation
Tuesday. Democratic members of the
Finance Committee decided yesterday
to stand by the bill substantially as
passed by the House. In the Senate
the Democrats first will go on record
for the House measure and then seek
common ground with the progressive
Republicans. The Democratic leaders
have been sounding Senators Cummins
of Iowa, Blawie of Kansas and Poin-
dexter of Washington and other pro-
gressives as to what will be ex-
pected from them. Several progres-
sive Republican leaders expressed the
belief today that they would be able
to reach some common ground. The
regular Republicans express indiffer-
ence as to the attitude the progressives
may take, as the Republicans say
they have assurances that Presi-
dent Taft will veto any measure that
is not based on reports of the tariff
board.

Hearings on the chemical bill will
begin tomorrow. The Finance Com-
mittee will hold hearings on the bill
on March 14. Many applications are
now on file with the committee asking
for an opportunity to appear and argue
against the bill and Senator Penrose
yesterday notified all these applicants
to be on hand next Thursday.

LAWRENCE STRIKE SITUATION**

Constitutional Rights and
Unlawful Practices.

United Press Telegram.

at strike-ridden Lawrence resulted in
the determination of the House Com-
mittee on Education and Labor to
conduct a three-fold probe.

The committee will probe a. a. re-
production for investigation of the
conditions to which the strikers were
subjected by the Lawrence municipal
authorities; b. the question whether
the constitutional right of personal free-
dom was denied to the workers; and
c. the operations of the women trust,
its attitude toward labor and its al-
leged alliance with the Lawrence
municipal authorities.

**TOWNSHIP TAX COLLECTOR
MAKES ENVIABLE RECORD**

J. C. Brownfield Collected \$14,420.00
For County Generations.

Special to The Courier.

UNIONTOWN, March 8.—Tax Col-
lector J. C. Brownfield of South Union
township has made an enviable re-
cord in settling his 1911 county dupli-
cate in full. He turned \$14,420.00
over to the County Commissioner yes-
terday afternoon.

Brownfield's best record was hav-
ing less than \$100 in excorations, in-
cluding errors in assessments. The
Commissioners do not expect a better
record from any other collector in a
district as large.

Kenzie, 69; Justice Lurton, 65; Jus-

**STREET COMMITTEE
HAS MANY PLANS**

Wants State Aid for Paving
Main Street Hill on
West Side.

THE VACATION OF N. ARCH ST.

Will Be Brought Up at a Later Meet-
ing and Members Apparently Favor
Vacation of Unsettled Thoroughfare.
View of West Fairview Avenue.

The Street Committee met last
night. The most important matter
brought up was that of petitioning the
State for aid in paving Main street on
the West Side beyond the point al-
ready contracted for. The committee
men discussed Hoyt's Porter & Com-
pany's proposition and favored vacat-
ing that part of Arch street wanted by
the company.

Bernard O'Connor has the contract
for paving 3,000 feet of Main street
West Side, beginning at the railroad
crossing. This leaves 820 feet unpro-
vided for and it is the plan to petition
the State for aid. Another meeting
of the Street Committee will be held
soon as definite plans will be arranged
for the petition. It will then be pre-
sented to Council. Outside the borough
the State will pay for all road improve-
ments. One mile will be built on each
side of town.

Several members of the Street Com-
mittee are members of the Public
Safety Committee. At the meeting last
night the Council thought a delegation
should go to Braddock at the Standard
Automobile Company's expense and in-
spect the automobile truck in use
there. The matter was not decided.

At the next meeting of the Street
Committee a plan of disposition of the
Hoyt, Porter & Company matter will
be made. The company wishes to use
that part of North Arch street between
Water and North alleys.

On Monday Street Committee
will make a view of West Fairview
avenue. A grade is to be established.
The Connelville Planting Mill Com-
pany is moving its quarters from Wat-
er street to Arch street and Fairview
avenue.

immediately after it was passed, but it
did not become effective until 10 days
after publication. The 30 days' time
limit of the Church place paying or-
dinance has passed but is waiting the
Burgess signature before it goes into
effect.

**WEST PENN. WINS
BIG DAMAGE SUIT**

Jury Decides Company Not
Responsible for Injury
of Everett End.

ANOTHER CASE IS STARTED

Perry Broad Wants \$5,000 for Being
Put Off Car Between Brownsville
and Uniontown. Damages
Over Patterson's Suit and Quits.

Special to The Courier.

UNIONTOWN, Mar. 8.—The West
Penn won the suit brought against it
by Peter Zepinski, Sr., of Brownsville,
to recover \$5,000 damages for an injury
to his six-year old son, who was run
down by a car in Brownsville two years
ago and injured. The jury, after de-
liberating several hours, decided that
the company was not liable, upholding
the verdict of the jury in the lower
court.

The only case taken up today was
the suit of Perry Broad to recover \$5,000
damages for being put off a West
Penn car between Brownsville and Un-
iontown on December, 1910. Broad
says he was taken sick, that the con-
ductor of the car refused to lower a
window and threw him off at the High
Bridge stop when he vomited.

In the case of J. S. Wells against J.
C. Evans, a dispute over payment for
building logs, the jury gave a verdict of
\$1,748 for the plaintiff.

The twelve jurors who heard the case
of D. P. Patterson against the Con-
nelville Construction Company to re-
cover \$200 for an alleged defective fur-
nace, played checkers all night and
used all available paper, taking half
night. Reaching an agreement, they were
discharged by the court.

Attorney S. R. Goldsmith was ap-
pointed master in the divorce case of
Jennie Glick against James Glick. At-
torney George Patterson was named
master in the similar suit of Jennie M.
Griths against Ernest Griffiths.

**NEW TOWN COUNCIL
IN SHORT SESSION**

Many Plans Afoot but None
of Them Mature at Last
Night's Meeting

IN S. CONNELLSVILLE BOROUGH

Inspection of Measures and Quality
of Foodstuffs Peddled by Hocksters
Likely to be Provided—Pole Tax
Ordinance on First Reading.

If the plans of the South Connel-
ville Town Council go through a "dead
line" will be established at the borough
limits for any hocksters "measures not
up to standard or for fruit and mer-
chandise that is not up to standard.
Health Officer Samuel Rittenour will be
the judge, assisted by the Burgess.
There will be no appeal from their de-
cision.

Council held a short meeting last
night, the shortest since its organiza-
tion. Council decided that it is not
its place to fumigate the Pierce resi-
dence. Dr. W. J. Churchill of the
Board of Health has agreed to do all
the fumigating necessary. He says a
fumigating outfit is unnecessary. The
Board of Health was voted an approp-
riation for supplies of stationery.
Secretary John Patterson reported that
he was in communication with the
State Board of Health at Harrisburg.

A committee composed of J. J. Mc-
Carthy and J. L. Reynolds was ap-
pointed to meet the officials of the
West Penn Railway. They will meet
before next Council meeting. A letter
from Attorney Patton, Borough Solicitor
to R. S. Matthews, counsel for the
Connelville township Road Supervisor
was read in which the borough asked
that a settlement of the 1911 road
tax be made.

The ordinance prepared to tax tele-
graph and telephone poles was read
for the first time. This must be read
at two subsequent meetings for it can
be voted on. The amount of the tax
has not been decided.

**SUFFRAGETTES RESISTED
PRISON DISORDBING ORDER**

Prisoners of the South Side Jail
Resisted Order to Move to the
Holloway Prison Strong.

United Press Telegram.

LONDON, Eng., Mar. 8.—Bitterly re-
sisting the action of the authorities in
locking on the hard labor clause to
their prison sentences, the convicted
suffragettes have set the Holloway
prison in a quaking. Led by Alice
Wright, the Albany, N. Y., girl, who
came from Paris and agitated in the
window-breaking campaign, and whose
work was so telling that she was given
a two months sentence while the
majority of her accomplices got only
thirty days, the suffragettes have de-
fied the prison officials.

When they were sent into the robe
room to take off their ordinary clothes
and take their compulsory bath and don
the prison garments, the women rebelled.
Wardrobes of Holloway prison are
chosen for the muscular ability
rather than for their good looks, and
they proceeded at once to compel the
prisoners to obey the regulations.
While details are carefully guarded, it
was learned that the rebellious suffrag-
ettes after being taken into the robe
room smashed some of the machines
and later were placed in solitary con-
finement in underground cells.

**SOUTH SIDE RESIDENTS
WANT ANOTHER POSTMAN**

Protest That Two Mail Deliveries
Are Insufficient—Petition
Circulated.

Claiming that they are not receiv-
ing a sufficient number of mail deliv-
eries, a petition to Postmaster A. B.
Kurtz has been started on the South
Side. The petition will be presented some
time next week.

The substance of their claim is that
two mail deliveries a day are insuffi-
cient and often mail matter remains
in the postoffice nearly 24 hours before
being delivered. The petitioners are
reminded that the mail carrier for the
South Side postman leaves the office before
the early morning mail on the Penn-
sylvania can be taken to the office
and distributed. It is said on Friday
afternoons the mail carriers do not
get around at all.

SAVED DAUGHTER'S LIFE

This Father Refused to Let His Daughter Die.

Here is a story with a moral that many parents might take to heart: "My daughter was very pale, nervous, thin, and suffered with severe pain in her back, so that we took her out of school. Her flesh became blue and she could not retain her urine. I spent over \$100 for medicines, but she grew worse. Finally I bought a bottle of Thompson's Barosma and she began to grow better right away. I've bottles of Thompson's Barosma made a complete cure, and today she is a perfectly healthy girl. Thompson's Barosma saved her life, for she was falling so fast that death was not far off."—Frank D. Mosder, Pleasantville, Pa.

QUIT CALOMEL!

A Safe Vegetable Substitute Is Olive Tablets for the Liver.

Thousands Are Turning From This Dangerous Drug.

Dr. F. M. Edwards, a prominent physician of Portsmouth, Ohio, has discovered a new laxative and liver tonic in a combination of vegetable materials, mixed with olive oil, which is in effect almost exactly like the old and untrustworthy calomel, except that there are none of the bad after-effects of calomel.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers.

His distrust of the uncertain drug eventually started him years ago towards experiments with the view of discovering a substitute, and he is today in possession of the long-sought-for combination, which is in the shape of a little sugar-coated, olive-oil colored tablet.

The results of fifteen years' experience and practice are embodied in these marvelous little tablets.

They are called Dr. Edwards' Olive Tablets, and their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of others who have suffered and were afraid of calomel.

They are gentle in their action, yet always effective. They bring about that exuberance of spirit, that mental buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities.

Guard the Family Health

Health is often endangered by unsanitary cooking utensils. Physicians have found that cancer is caused by enamel ware chipping off and irritating the stomach.

If you have children or invalids in the family beware of cheap cooking utensils that crack, scale, peel off, tarnish or rust. Disease germs lurk in the worn places and there is further danger of tainting the food. Health is too precious to take risks with it.

Be safe. Use

"1892" Pure Spun Aluminum Cooking Utensils

which are guaranteed for 15 years constant service and will never spoil food nor endanger health.

This new ware is featherweight, beautiful, easy to clean—does not tarnish nor rust. The slight extra cost is more than made up by long service and absolute safety.

Look for Trade mark on Every Piece

The Maltese cross with the words "Pure Illinois '1892' Aluminum"—the original, insures that you get the genuine. There are imitations, so be sure this trade mark is on every piece.

WALL PAPER

At Extremely Low Prices.

You would be surprised to see the nice clean, neat looking papers I can show you at 4c, 5c, 6c and 7½c per single roll.

Prettily tinted and colored little conventional figures, blocks, florals, plain stripes, mixed stripe and floral patterns, stripes with cut-out borders and every other sort. Remember, I mean fresh, clean goods right from the mills, and I have plenty of them, too. We don't need to tell you that we are just out of the pattern you want.

Years of the most careful comparison in prices and quality, as well as making co-operative purchases and in all cases buying direct from the best mills has given me a leverage on the price proposition which enables me to offer you the very best inducements in the way of prices, quality and artistic merit, consistent with the cost of raw materials and production.

I invite your inspection and comparison.

FRIDAY EVENING, MARCH 8, 1912.

Value of a Good Truck.
The continued disasters to fast
trains, unless soon stopped, is likely
to seriously effect their business.

The causes of the various disas-
ters have not been very clearly ex-
plained, and perhaps the railroad
managers will do well to look carefully
over their trucks. Without meaning
to make any invidious distinctions,
much less specific charges, we only
desire to call attention to the fact that
the railroads have felt obliged during
the past year or more to practice rigid
economy. At the solicitation of the
Government, they granted their em-
ployees a liberal advance in wages
with the implied understanding that
they would be allowed a reasonable
advance in freight rates. That ad-
vance in rates has not yet materialized.
Hence the economy.

A portion of this economy has been
practised upon the trucks. It is a
well known fact that rail orders were
held up until quite recently and that
the purchases now made will not keep
the trucks up to the highest standard.
Economy has also been practised on
the track gangs and in some cases on
the trackwalkers.

With due respect to the wisdom of
railroad management, we think this is
a poor economy. The more the trucks
deteriorate the faster they will decay
and the more costly will be the work
of rejuvenation. To this add the cost
of the wrecks, including the damage
suits on account of those killed and
injured.

A good truck carefully maintained
is one of the best assets of a progres-
sive railroad.

Duties of Health Officers.

The State Health Department sus-
tains the Health Officer of Connell-
sville in his decision that he is not re-
quired to fumigate infected buildings
outside of the city limits. We gather
from the decision that the Health Of-
ficer may do so, however, and if we
remember correctly the Health Of-
ficer was willing to do so for a private
consideration.

The South Connellsville authorities
should have preferred their request to
the Board of Health, where it
would doubtless have received neigh-
borly and courteous consideration. It
would possibly have been determined
that the services of the Health Officer
could be spared long enough from his
arduous duties to comply with the
South Connellsville request. A reason-
able charge would doubtless have
been made for the use of the Board
of Health.

In questions affecting the health of
a community, everybody should be
willing to do anything in his power to
maintain good sanitary conditions, and
it should be remembered that while
South Connellsville, by its insistence,
is a separate borough it is an in-
tegral part of this community, and the
spread of an epidemic there would
be just as dangerous to us as an epi-
demic in any ward in Connellsville.

Somerset as a Railroad Center.
The appointment of an Assistant
Superintendent of the Connellsville
Division of the Baltimore & Ohio, with
headquarters at Somerset, is a recog-
nition of the importance of Somer-
set as a Baltimore & Ohio freight
center.

Its importance is due chiefly to the
recent extensive coal developments in
its neighborhood and the fact that it
is the natural assembling point for the
output of these mines prior to entrain-
ing them for shipment to the distant
markets.

Somerset is fortunate in having no
coal mines in its immediate vicinity
while being the indirect beneficiary of
the operation of a whole coal produ-
cing district.

The telephone is encroaching on the
telegraph in the work of dispatching
trains. On shorter divisions the
telephone has some advantages over
the telegraph. It does not require
skilled labor. It may be operated by
any person. It is less likely to make
mistakes. All operators are not in-
fallible. Upon the whole, it is perhaps
cheaper in cost of operation, not con-
sidering the telegraph operator. We
note that it has been put in use on the
Fairmont and Somerset branches of
the Baltimore & Ohio railroad, and we
predict it will prove a great success.

Let us hope that there will be no
South Pole scandals.

Connellsville's Humane Agent has
been resurrected and is actively on the
job. It was time Connellsville had a
Humane Agent. We trust he will
perform his duties so faithfully that
vicious abuse of animals, especially
horses, will cease.

A Texas statesman blames Roosevelt
and Bryan with Victor Berger, the
Socialist Congressman, and says they
are three of a kind and bad one.

Pittsburg's expert sanitary engineer
advises the city against the construction
of a sewage disposal plant at a
cost of \$75,000,000.

Consumption

Anyone interested in the cure of Con-
sumption should get one of the booklets
telling of recoveries by the use of Ec-
kman's Alternative.

Coughs, Stomach Colds and Rheu-
matism may be the beginning of more
serious troubles—Eckman's Alternative is
the effective remedy. Read Mr. Kennedy's
statement:

"Gentlemen: For five or six years I
was troubled with cough and expectora-
tion. I also had a high fever. My case
was declared Consumption by my phys-
ician. I was given Cod Liver Oil, Graciosa
and other medicines, all without benefit.

"At Christmas time, 1909, I was not
expected to live. Calling Dr. H. H. Mc-
Carthy, he advised the use of Eckman's
Alternative, which I took with excellent
results and was entirely cured.

"During the past year I have gained
15 lbs. I go out in all weathers and
have had no cough or cold whatever. I
give these facts to encourage others to
use Eckman's Alternative."

(Signed) ALFRED JAS. W. KANALLY.
Eckman's Alternative is effective in bron-
chitis, Asthma, Hay Fever, Throat and
Lung Troubles, and in rebuilding the
system. Does not contain poisons, opiates

THE ALARM BLOWN FOR LOST CHILD

This Little Scottdale Girl was Found After Search Later.

WAS AT A NEIGHBOR'S HOUSE

Connellsville High School Scheduled For Game at Ellsworth Auditorium Saturday Evening—Other Notes of News in and Around the Mill Town.

Special to The Courier. SCOTSDALE, March 8.—There was excitement over the loss of Margaret, the 7-year-old daughter of Mr. and Mrs. W. L. Schaeffer of Market street last night and the fire alarm which was blown and the crowd searched throughout the town. The child was missed from home early in the evening and other children going to the neighbors and making inquiries for her failed to discover the child. As it happened they missed the house of Clarence Brubaker near by and when asked by other people if they had been at the Brubaker home they said they had. The house was left out of the calculations until some other people thought they would make sure. When they went to Brubaker's they found the little one playing contentedly. The alarm caused some excitement and the search was general throughout town.

IN BASKETBALL. The Connellsville High School team, a fast bunch of youngsters, will be here on Saturday evening to meet Tom Blauvelt's Scholastics at the Ellsworth auditorium at 8.30. This is looked for as one of the best games of the season.

BRANCH MEETING. The branches of the Westmoreland county W. G. U. at Kittanning, Mt. Pleasant and Altoona will hold an all day convention in the Church of God at Altoona on Thursday, March 21. The convention will close with a silver medal contest. The Westmoreland county executive committee is meeting at Mrs. Lucy A. Poole's. The committee is made up of Mrs. G. W. Stoner of Mt. Pleasant; Mrs. Sue B. Simpson of Altoona; and Mrs. W. W. Elchert, Mrs. C. A. Colburn and Mrs. Poole of Kittanning.

HOME FROM PANAMA. Joseph Strickler of Wilkensburg, and his son, Elmer Strickler, who runs the coke works near Mt. Pleasant, have returned from a trip to the isthmus of Panama. Elmer Strickler was here this week visiting his aunt, Mrs. Frances Strickler, and says that the weather was very hot on the isthmus and quite in contrast with what is being experienced in the U. S.

CONCERT PLANNED. The Ladies' Aid Society of the Baptist church will give a concert on Tuesday evening at the church. Their attraction will be the Mt. Pleasant Institute Girls Glee Club, assisted by Miss Ruth Taylor, violinist, and a very pleasing program is arranged.

REHEARSAL IS CALLED. A rehearsal of the production of "Christ and His Soldiers" at the local hall on Sunday afternoon at 8 o'clock. This is the entertainment being arranged by W. J. Barkell for the benefit of the Y. M. C. A. building fund.

TRADE PLACES. George Smith has traded his house and lot near the White school house to James E. Kunkle for the latter's property near Altoona, and each family moved this week to their new home.

A WOMAN DOCTOR

Was Quick to Discover What Was Doing the Mischief.

A lady tells of a bad case of coffee poisoning. "I was equally harmful because it contained caffeine—the same drug found in coffee—and tells it in a way so simple and straightforward that literary skill could not improve it. "I had neuralgic headaches for 11 years," she says, "and have suffered untold agony. When I began to have them I weighed 110 pounds, but they brought me down to 110. "I went to many doctors and they gave me only temporary relief. So I entered on the 11th day, a woman doctor advised me to drink Postum. I took it like I was coffee poisoning. "So I began to drink Postum, and gained 15 pounds in the first few weeks and am still gaining but not so fast as at first. My headaches began to leave me after I had used Postum about two weeks. I was eight, I expect, to get the coffee poison out of my system. "Now that a few months have passed since I began to use Postum, I can gladly say that I never know what a neuralgic headache is like any more, and it was nothing but Postum that relieved me. "Before I used Postum I never went out alone. I would get bewildered and would not know which way to turn. Now I go alone and my head is as clear as a bell. My brain and nerves are stronger than they have been for years." Name given by Postum Co., Battle Creek, Mich. "There's a reason, and it is explained in the little book, 'The Road to Wellville,' in pigtails.

DON'T BE NERVOUS AND RUN-DOWN

New Tonic, Tona Vita Will Positively Restore Your Old Vitality

Nervousness, depression of spirits, lack of energy, all run down, those are the chief symptoms of nervous debility, the modern affliction caused largely by the rush, hustle and worry of modern life. If you are a sufferer from this all-too-common complaint, and cannot resort to a high priced sanatorium to have rest and diet put you up, you should read carefully the following statement by C. N. Hunt, Esq., of 602 Sixth St., Milwaukee, Wis., concerning the remarkable new tonic "Tona Vita" that has made such a great record during the past year. Mr. Hunt says: "For a number of years my wife has been a sufferer from a continuous run down, nervous condition and stomach trouble. I took her to a number of doctors, but none seemed to give her any relief. She grew constantly worse and her entire system became affected. "She could hardly eat anything and would say the very thought of eating made her sick. She caught one bad cold after another and was always tired and languid. She had bad headaches and attacks of dizziness. "I got some Tona Vita a few months ago. My wife began taking the tonic that night and we were pleasantly surprised to notice an improvement after the second day. She is now like a different woman. The nervousness and depression are all gone, and she eats and sleeps better than she has for years. It seems wonderful to note such a change in her. I believe 'Tona Vita' is worth its weight in gold. "If you are debilitated and run down, above all things try 'Tona Vita.' You will never regret it, as it will build you up like magic. It is the finest preparation now on the market. "A. A. Clarke has the agency for this great remedy in Connellsville. The price will be returned if it doesn't meet with your entire approval. The Approved Formula Co., Dayton, O.

Meyerdale.

MEYERDALE, March 8.—Paul H. Gross, who is engaged in the wholesale drug business at Johnstown, and a former resident of Meyerdale, was calling on friends and acquaintances here a few days this week. Elmer D. K. Gupper left yesterday for Akron, O., having been summoned there on account of the serious illness of his son, Jesse Gupper, who had gone there to secure employment. He is suffering from a severe attack of indigestion, rheumatism and neuralgia, and he will be brought to his home here as soon as his condition warrants. John E. Strayer of Johnstown, was a business visitor to this place and Sullivan yesterday. He will tell the people of this section all about the Elmer D. Gupper case over the next week.

At the regular meeting of town council last night H. J. Wilmoth, president of the Meyerdale Electric Light, Heat & Power Company, agreed to submit his report of the plant's earnings during the past two years, as certified to the Auditor General's Department, and an adjourned meeting of council will be held for that purpose on Monday evening.

The remains of the three-year-old child of Mr. and Mrs. John Gierck, which were burned almost to a crisp on Wednesday afternoon, were interred in the Catholic cemetery yesterday. The parents of the three children looked them in the house while they came to Meyerdale to do some shopping. The unfortunate little boy's clothing landed at the stove and the wonder is that all three of the children were not burned up. When the ashes were discovered neighbors rushed to the assistance of the children, but the little boy was so badly burned that he died in less than one hour after the flames were extinguished.

Constable Harvey Blitzer and Constable Patrick Leary, G. Wagner, during the last few days succeeded in putting out of commission several "spook-cars" at Sand Patch. This action was taken upon instructions from Judge Ruppel who stated at the opening of criminal court recently that he had inside information that at several railroad camps and mining settlements "blind pigs" were being conducted in open defiance of the law, and he requested, or rather ordered, that the county constables get busy and arrest the offenders.

CASCARETS FOR A SICK, SOUR STOMACH

Gently But Thoroughly Cleanses and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating, flatulence, feeling of fullness, dizziness and sick headache, means indigestion; a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any. "Cascarets" they cure indigestion. Cascarets, they cure indigestion, because they immediately cleanse, soothe, and regulate the stomach and bowels, and take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then your stomach trouble is cured forever. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

Some Sink Sense

No place in the home gathers grease as quickly as the kitchen sink. Gold Dust washing powder, however, has the peculiar quality of dissolving and cutting grease and if, after each dishwashing, a suds is made in the dishpan with warm water and Gold Dust, and the sink thoroughly rinsed with these suds, the last particle of dirt and grease will be removed. The sink pipe will never become clogged with grease if Gold Dust and plenty of hot water are used for washing the sink morning and evening.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be as her first and foremost. Why isn't it so?

The general health of women is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N.Y.

MAN LOST AMBITION

It seems strange to so active and energetic a young man as Arthur H. Scott of Brooklyn that he did not attack his work with the usual enthusiasm last spring.

He knew it was not "Spring fever" for his health failed and, to use his own words in a recent letter, "I could not sleep, had no energy or ambition and could not do my work properly."

"I must say that Vinol has done me wonderful good for I feel strong and ambitious again, just like I used to before my health failed. I rest well at night, have a good appetite and no more nervousness, all because I took your excellent tonic, Vinol."

One reason Mr. Scott was willing to try Vinol was because he knew he could get his money back if Vinol did not benefit him. The delicious cod liver and iron remedy without oil, positively has no equal as a spring medicine, to enrich the blood and make weak, worn-out men, women and children, rugged, rosy and strong.

We guarantee it to do this, and give back your money if it does not. Graham Co., druggists, Connellsville. Vinol is sold in West Connellsville by Fred H. Harmoning, druggist.

SAVES ELDERLY PEOPLE FROM KIDNEY AND BLADDER MISERY

Sleep Disturbing Bladder Weaknesses, Backache, Stiff Joints and Rheumatic Pains Disappear After Few Doses are Taken.

While people along in years are naturally more subject to weak kidneys, they can avoid the tortures of backache and rheumatism, and save the annoyance of getting up at night with disagreeable bladder disorders, for the new discovery, Croxone, quickly cures the most severe and obstinate cases.

Croxone quickly and permanently cures these conditions because it removes the cause. It is the most wonderful remedy ever devised for ridding the system of uric acid. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. Pills, tablets and other medicines merely stimulate the kidneys, occasionally giving temporary relief. Croxone makes the kidneys filter the blood and sift out all the poisonous acids and waste matter that cause these troubles.

It soaks right in and cleans out the stopped-up, inactive kidneys like water does a sponge. It filters, it drives out every particle of uric acid

and other poisonous impurities that lodge in the joints and muscles and cause rheumatism. It neutralizes the uric acid so it no longer irritates the bladder, overcomes unnecessary brooding of sleep and restores the kidneys and bladder to health and strength, permanently and positively curing such troubles.

It matters not how long you have suffered, how old you are, or what else you have used. The very principle of Croxone is such that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it, and all your misery and suffering soon disappear. You can secure an original package of Croxone at trifling cost from any first-class druggist.

All druggists are authorized to return the purchase price if it fails in a single case.

The Prodigal Judge

Illustration by Vaughan Kester

(Continued from page 6)

One by one the house servants were ushered into the judge's presence. First he interrogated little Steve, who had gone to Miss Betty's door that morning to fetch her, as was his custom. Next he examined Betty's maid; then the cook, and various house servants, who had nothing special to tell, but told it at considerable length; and lastly big Steve.

"Stop a bit," the judge suddenly interrupted the butler in the midst of his narrative. "Does the overcoat always come up to the house the first thing in the morning?"

"Why, not exactly, sah, but he come up this mornin', sah. He was talking to me at the back of the house, when the women run out with the word that Missy was done gone away."

"He joined in the search?"

"Yes, sah."

"When was Miss Malroy seen last?"

"She and the young gentleman you fetched back were seen in the garden along about sundown, I seen them myself."

"They had had supper?"

"Yes, sah."

"Who sleeps here?"

"Just little Steve and three of the women; they sleep at the back of the house, sah."

"No sounds were heard during the night?"

"No, sah."

"I'll see the overcoat—what's his name?—Hicks? Suppose you go for him!" said the judge, addressing the sheriff.

The sheriff was gone from the room only a few moments, and returned with the information that Hicks was down at the bayou, which was to be dragged.

"Why?" inquired the judge.

"Hicks says Miss Malroy's been acting mighty queer ever since Charley Norton was shot—distracted like! He says he noticed it, and that Tom Ware noticed it."

"How does he explain the boy's disappearance?"

"He reckons she throwed herself in, and the boy tried to drag her out, like he naturally would, and got drawn in."

"Humph! I'll trouble Mr. Hicks to step here," said the judge quietly.

"There's Mr. Carrington and a couple of strangers outside who've been asking about Miss Malroy and the boy; seems like the strangers knowed her and him back yonder in North Carolina," said the sheriff as he turned away.

"I'll see them." The sheriff went from the room and the judge dismissed the servants.

"Well, what do you think, Price?" asked Mahaffy anxiously when they were alone.

"Rubbish! Take my word for it, Solomon, this blow is leveled at me. I have been too forward in my attempts to suppress the carnival of crime that is raging through west Tennessee. You'll observe that Miss Malroy disappeared at a moment when the public is disposed to think she has retained me as her legal adviser; probably she will be set at liberty when she agrees to drop the matter of Norton's murder. As for the

boy, they'll use him to compel my silence and inaction." The judge took a long breath. "Yet there remains one point where the boy is concerned that completely baffles me. If we knew just a little more of his antecedents it might cause me to make a startling and radical move."

Mahaffy was clearly not impressed by the vague generalities in which the judge was dealing.

"There you go, Price, as usual, trying to convince yourself that you are the center of everything!" he said, in a tone of much exasperation. "Let's get down to business! What does this man Hicks mean by hinting at suicide? You saw Miss Malroy yesterday?"

"You have put your finger on a point of some significance," said the judge. "She bore evidence of the shock and loss she had sustained; aside from that she was quite as she has always been."

"Well, what do you want to see Hicks for? What do you expect to learn from him?"

"I don't like his insistence on the idea that Miss Malroy is mentally unbalanced. It's a question of some delicacy—the law, sir, fully recognizes that it seems to me to be over-anxious to account for her disappearance in a manner that can compromise no one."

"Well, what do you want to see Hicks for? What do you expect to learn from him?"

"I don't like his insistence on the idea that Miss Malroy is mentally unbalanced. It's a question of some delicacy—the law, sir, fully recognizes that it seems to me to be over-anxious to account for her disappearance in a manner that can compromise no one."

"Rubbish! Take my word for it, Solomon, this blow is leveled at me. I have been too forward in my attempts to suppress the carnival of crime that is raging through west Tennessee. You'll observe that Miss Malroy disappeared at a moment when the public is disposed to think she has retained me as her legal adviser; probably she will be set at liberty when she agrees to drop the matter of Norton's murder. As for the

boy, they'll use him to compel my silence and inaction." The judge took a long breath. "Yet there remains one point where the boy is concerned that completely baffles me. If we knew just a little more of his antecedents it might cause me to make a startling and radical move."

Mahaffy was clearly not impressed by the vague generalities in which the judge was dealing.

"There you go, Price, as usual, trying to convince yourself that you are the center of everything!" he said, in a tone of much exasperation. "Let's get down to business! What does this man Hicks mean by hinting at suicide? You saw Miss Malroy yesterday?"

"You have put your finger on a point of some significance," said the judge. "She bore evidence of the shock and loss she had sustained; aside from that she was quite as she has always been."

"Well, what do you want to see Hicks for? What do you expect to learn from him?"

UNIONTOWN GETS SWEET REVENGE

Drubs Cokers for Beating
Them Out of the Sea-
son's Pennant.

ANDY SEARS DOES MOST OF IT

His Six Baskets Tell the Tale—Cokers
Battle Gamely Against Big Odds and
Refuse to Be Beaten Until the End.
Steele Not in Form and Retires.

The Cokers lost their last game last night 27 to 23, putting up a stubborn resistance all the way at Uniontown. Basketball Veterans at the county seat had lagged since the much touted near champs failed to fetch. The smallest Uniontown-Connellsville crowd of the season was present.

Connellsville would have probably lost with Geisler out of the cage and a competent man in his place. Roy Steele was on the job and started the game at forward. He possessed all his South Side cunning and speed but he didn't fit in with the Coker combination. Andy Sears made six field goals on the new Connellsville players

and thereby hangs the tale. Beggs was later sent in, playing a forward against Sears, and Andy never got even near the basket after that. Dark was stationed at forward, playing Charley O'Donnell. During the first part of the game, however, the kids more from force of habit than anything else, paired off with Sears. The game was close in the beginning of the first half. The Cokers were ahead at one time and tied at another. They hung to Uniontown up to the 10 point. After that they could not regain the lead but they remained close to the winners.

Captain Dark made two mistakes. He should have pulled Steele out of the game during the first half. His next was not putting Beggs in at the knock at Roy Steele. The clever basketball artist hasn't been playing the game for several weeks and was not on edge. The fans do not blame Steele for his failure to show phenomenal form. Neither do they blame Dark for starting him in the game. They don't blame anyone but Geisler, which isn't altogether fair. As a referee, Geisler isn't there. He probably means well, but he lets the game get away with him.

The first half ended 14-10 in favor of Uniontown. Right off the reel in the second half the Cokers scored a double, but Sears connected for a pair of them a minute later, which sent Steele to the stable. Once the Cokers were within a point of tying the score, but Uniontown's guarding was well near perfect.

Had Beggs played the entire game the Cokers would probably have won.

Do You Read Accurately?

In our advertisement of Wednesday and Thursday the writer stated that our carpet room was the largest west of Pittsburgh. A pretty broad assertion, considering that territory to the Pacific Coast, and a few thousand miles into the Pacific Ocean would be included. "The largest carpet room in Pennsylvania, west of Pittsburgh, is the way it should have read. It's a little thing, but it corrects it, because we really mean to allow no inaccuracies to get into print intentionally.

Boys' New Suits Here!

However, Captain Dark does not profess to be infallible. It was one of those decisions that would have been given unqualified approval had it worked according to the dope.

For Steele's sake it is to be regretted he failed to play up to his usual standard in his first Coker game, but it is to be discouraged. As for the fans, they have too sad a recollection of his many doubles against the Cokers during the season just closed to feel badly. They know it is to be expected. The lineup:
Uniontown (27) Connellsville (22)
Sweeney forward Kummer
O'Donnell forward Steele
Fowell center Cavanaugh
Sears guard Dark
Morris guard Doherty
Substitution—Beggs for Steele.
Field goals—O'Donnell 1, Fowell 1, Sears 2, Sweeney 1, Kummer 2, Cavanaugh 2, Dark 2.
Foul goals—Sears 5 out of 17, Kummer 10 out of 13.
Refrere—Geisler.

Notes.
Beggs was making straight for the basket in the second half when Andy Sears gave him a shove into the cage to prevent him from scoring. "That's the game," shouted the Uniontown fans. A few minutes later Kid Dark shoved O'Donnell into the cage to prevent a double. "Dirty playing," was the verdict of the "fair minded" home fans.

Geisler's refereeing was a joke. At one time Sweeney got a strange hold on Doherty's jersey right under the nose of the official. Geisler blew his whistle but it was for a tossup.

Steele fed Billy Kummer a nice one for the Cokers first score.

Uniontown saved the game up in the beginning of the first half when they made three field goals in one minute and 50 seconds. That made a seven point lead and although the Cokers put on steam and brought the score up to 20 to 15, the Uniontown team spurred and ended five points to the good.

Kid Dark missed several long chances to score in the first half but landed two from the center in the second.

The Cokers will play an exhibition game with Johnstown at Meyersdale Tuesday night.

Several near fights were pulled off between Connellsville and Uniontown fans at the game last night. With Uniontown enjoying a seven point lead in the second half, a county seat fan tried to bet.

"I'll put you \$20," said the Uniontown man, pulling from his pocket a coin. The "yellow boy" proved to be a metal pocket piece. The Connellsville fan discovered the imitation and volunteered to put up real money.

Meanwhile two other fans got on each side of the disgruntled better and proceeded to blow the horns in his ear.

After the game one of the Connellsville men who went up to the game was seized by a cack heaver from Uniontown and roughly handled. And all this happened in the basketball hall where the management is supposed to keep good order.

Some of the Cokers are leaving today for their homes, others will leave within a week while some are going Beggs and Leon Ego left this morning on the 9.46 for their home in Reading. Ego will stay but Beggs will return to Connellsville within a few weeks. He will take a position on the West Penn engineering corps. Doherty is undecided whether he will leave tonight or stay a week.
